### Census Matters

As of July 31, approximately 4 million North Carolinians still need to respond to the census or North Carolina risks losing out on an estimated \$7.4 billion in funding each year. NC's current Census 2020 response rate is below the national rate and below where our state was in 2010. North Carolina communities that have not responded at high rates are predominantly rural, Black, and Brown, with low internet access.

The Census Bureau has cut the 2020 Census short by a month this year so it is imperative that everyone respond by September 30<sup>th</sup>.

**If you have not been counted in the 2020 Census, there are multiple ways to do so:**

- Go online to the website [www.My2020Census.gov](http://www.My2020Census.gov)
- Call by phone 844-330-2020
- Return the paper questionnaire that you received in the mail

If you do not respond to one of the methods above a census worker will visit you at your home. They will social distance and wear a mask. They will also be displaying census credentials.

### Tax Bills

Tax bills have been mailed. If you refinanced or are new to the neighborhood, please contact the office at 704-882-8657.

### Be A Good Citizen of Lake Park

- Trim trees 8-9 feet above the sidewalk.
- Edge your grass around your sidewalk including grass growing between the sidewalk panels.
- You must allow 12 feet of clear, unobstructed roadway on the street or alley. Do not park in front of fire hydrants or block the way for emergency vehicles.
- Pick up trash around the ponds especially if you are fishing.
- Make sure that house numbers are displayed on your house and mailbox for emergency vehicles.

### **Did you Know?**

Wonder Academy is a Creative Arts Preschool dedicated to unlocking children's natural gifts through play, movement, and the arts in a quality learning environment. Wonder Academy Lake Park is NOW OPEN and will serve children that are infant-12 years old while following a 5-part curriculum. Wonder Academy also offers onsite and virtual learning programs like the ORLA program. This will be a program for school age students and their families looking for part time or full time care to supplement and support public school virtual studies. Wonder Academy students are exposed to developmentally appropriate enrichment experiences, and are taught by highly qualified teachers that have a heart for active learning through the arts.
